

Custom Fabrication Solutions

- Precision, High Quality Fabrications
- Eliminate Costly Product Hold-Up and Dead Legs
- Custom Spool Designs Eliminate Connections
- Prototype to Production Runs
- Complete cGMP and ASME Documentation
- ASME-BPE Surface Finishes

Contact Sentinel Process Systems, Inc. to help with all your Process Component, Instrumentation, and Critical Utility needs.

Fabrications and Assemblies

Valve Fabrications

- Machining, Welding and Polishing
- Diaphragm Valves
- Sanitary Ball Valves
- Bleed and Vent Valves
- Valve Manifolds

Sentinel offers many ways to minimize process connections and to divert flow. Speak to one of our Engineers about your specific need or process applications.

Custom Fabrications

- Manifolds
- Gas Control Panels
- Spargers and Dip Tubes
- Special Elbows and Tees
- Custom Tube or Pipe Sections

Minimize or eliminate product hold-up and entrapment areas which can cause contamination. We fabricate components to fit without using multiple process connections.

Special Process Components

- InGold® Fittings: 40mm and 52mm
- Hose Barbs
- Reducers
- Ferrules
- Offsets

All Sentinel fabricated parts include complete GMP style documentation including MTR's and C of C's
