Sealing Solutions

Flow Smart is a Leading cGMP Seal and Materials Technology Company

As original ASME-BPE seal committee members, Flow Smart has driven the market and lead by example with unique gasket geometries, special FDA approved materials and high quality products. Flow Smart continues to improve and innovate. Their standard range of products is the most complete offering available by any manufacturer.

All Flow Smart products are proudly made in the USA under the highest quality standards. Sentinel has been a critical partner to Flow Smart throughout their successful history and supports the company with the largest and most diverse inventory in the country.
